CUMULATIVE TABLE OF VIRGINIA ADMINISTRATIVE CODE SECTIONS ADOPTED, AMENDED, OR REPEALED

The table printed below lists regulation sections, by Virginia Administrative Code (VAC) title, that have been amended, added or repealed in the *Virginia Register* since the regulations were originally published or last supplemented in VAC (the Fall 2000 VAC Supplement includes final regulations published through *Virginia Register* Volume 16, Issue 24, dated August 14, 2000). Emergency regulations, if any, are listed, followed by the designation "emer," and errata pertaining to final regulations are listed. Proposed regulations are not listed here. The table lists the sections in numerical order and shows action taken, the volume, issue and page number where the section appeared, and the effective date of the section.

TITLE 2. AGRICULTURE

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

† Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the State Board of Agriculture and Consumer Services intends to consider amending regulations entitled: **2 VAC 5-500-10 et seq. Rules and Regulations Governing the Cooling, Storing, Sampling, and Transporting of Milk or Milk Samples from the Farm to the Processing Plant or Laboratory.** The purpose of the proposed action is to review the regulation for effectiveness and continued need, including the following: the need to include certain other species of mammals if the milk or dairy products are intended for human consumption; the need for consistency and compliance with the requirements of the Pasteurized Milk Ordinance (PMO) for Grade "A" milk; provision for the cooling, storing, and sampling of milk using alternatives to bulk tanks; the need to eliminate references to fees for milk hauling permits; the need to require permits for each milk pickup tank or milk transport tank used to move milk in Virginia; the need to include recording thermometer specifications consistent with the PMO; the need to require dedicated milk transport tanks to be used to haul any pasteurized milk, milk products, or frozen dessert mixes, when the products will not be repasteurized at the plant where they are packaged; and the need to require the collection of two identical milk samples at each pickup. The agency invites comment on whether there should be an adviser. The agency intends to hold a public hearing on the proposed regulation after publication.

Statutory Authority: §§ 3.1-530.1, 3.1-530.2, 3.1-535, and 3.1-535.1 of the Code of Virginia.

Public comments may be submitted until July 9, 2001.

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the State Board of Agriculture and Consumer Services intends to consider repealing regulations entitled: **2 VAC 5-580-10 et seq. Rules and Regulations Pertaining to the Sanitary and Operating Requirements in Retail Food Stores.** The purpose of the proposed action is to review the regulation for effectiveness and continued need, including the abolishment of the current regulation and at the

same time, adoption of the Food Code to bring Virginia's regulations pertaining to food safety in retail food stores into alignment with the regulations of other states that have adopted the Food Code and to support the FDA's efforts to promote uniform, nationwide sanitary requirements for all food handling establishments. The agency invites comment on whether there should be an adviser. The agency intends to hold a public hearing on the proposed regulation after publication.

Statutory Authority: §§ 3.1-364 and 3.1-398 of the Code of Virginia.

Public comments may be submitted until May 14, 2001.

TITLE 4. CONSERVATION AND NATURAL RESOURCES

DEPARTMENT OF MINES, MINERALS AND ENERGY

† Withdrawal of Notice of Intended Regulatory Action

The department has withdrawn the Notices of Intended Regulatory Action to (i) promulgate 4 VAC 25-31-10 et seq., Reclamation Regulations for Mineral Mining, and (ii) repeal 4 VAC 25-30-10 et seq. Minerals Other than Coal Surface Mining Regulations that were published in 14:2 VA.R. 213 October 13, 1997. The department has concurrently submitted new Notices of Intended Regulatory Action to promulgate the Reclamation Regulations for Mineral Mining, 4 VAC 25-31 and to repeal the Minerals Other than Coal Surface Mining Regulations, 4 VAC 25-30.

† Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Mines, Minerals and Energy intends to consider repealing regulations entitled: **4 VAC 25-30-10 et seq. Minerals Other than Coal Surface Mining Regulations.** The Department of Mines, Minerals and Energy is proposing to repeal this regulation because the revisions are so extensive, both in text and format, that it is more efficient to repeal the regulation and simultaneously promulgate a new regulation in its place (4 VAC 25-31). The

Notices of Intended Regulatory Action

agency intends to hold a public hearing on the proposed regulation after publication.

TITLE 8. EDUCATION

STATE BOARD OF EDUCATION

† Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the State Board of Education intends to consider amending regulations entitled: **8 VAC 20-30-10 et seq. Regulations Governing Adult High School Programs.** The purpose of this intended regulatory action is twofold. First, adult high school programs at which adults are able to earn a Standard or Advanced Studies Diploma will be required to maintain the same high standards as regular day school programs. Second, the change provides a high standard alternative diploma for adults (the Adult Education Diploma) who are unable to complete the requirements for a Standard or Advanced Studies Diploma.

Statutory Authority: § 22.1-224 of the Code of Virginia.

Public comments may be submitted until June 6, 2001.

† Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the State Board of Education intends to consider amending regulations entitled: **8 VAC 20-70-10 et seq. Regulations Governing Pupil Transportation Including Minimum Standards for School Buses in Virginia.** The purpose of the proposed action is to conform the regulations with statutory changes that have occurred since the regulations were last revised in 1994. In addition, federal standards addressing bus equipment and construction have, in some instances, changed significantly since the regulations were last amended. Consequently, Virginia is unable to permit the use of equipment permitted under federal standards because it is not permitted by the current regulations. Technological and manufacturing advancements that are not addressed in the current regulations have resulted in regulations and manufacturing requirements that are too restrictive and are in conflict with the "state-of-the-art." The 2000 National Standards for School Transportation became available in December 2000. These standards address such issues as school inspections, infants and toddlers, special education and specially equipped school buses. Those standards will be reviewed as a part of the revision process in order to incorporate changes, as appropriate. The agency intends to hold a public hearing on the proposed regulations after publication.

Statutory Authority: §§ 22.1-16, 22.1-176, 22.1-177 and 22.1-178 of the Code of Virginia.

Public comments may be submitted until June 6, 2001.

TITLE 9. ENVIRONMENT

VIRGINIA WASTE MANAGEMENT BOARD

† Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Waste Management Board intends to consider amending regulations entitled: **9 VAC 20-80-10 et seq. Solid Waste Management Regulations.** The purpose of the proposed action is to incorporate and address statutory changes enacted by the General Assembly since Amendment 2 of the Virginia Solid Waste Management

Notices of Intended Regulatory Action

Regulations. These remaining statutes to be addressed in the regulations include at least the following:

1. The disposal capacity guarantee as required by § 10.1-1408.1 B 6.
2. Host community agreements as required by § 10.1-1408.1 B 7.
3. Reporting requirements for locally-owned facilities as required by § 10.1-1408.1 B 8.
4. Director's determinations as required by § 10.1-1408.1 D 1 and 2.
5. Permit condition for capacity guarantee as required by § 10.1-1408.1 P.

In addition, the regulation will be updated to correct any errors or omissions resulting from previous amendments and any outdated material.

Need: The disposal capacity guarantee as well as the permit condition for the disposal capacity guarantee will ensure that localities can contract for disposal space at new or expanding municipal solid waste landfills in order that they may comply with the solid waste management plan for the locality.

Host community agreements ensure that municipalities (including the 2000 General Assembly addition for public service authorities) hosting new or expanding municipal solid waste landfills have agreements that are required to contain detailed provisions providing terms and conditions for the operation of the landfill. For locally-owned facilities, new provisions will ensure specific operational details will be addressed.

The director's determination provides for the evaluation and determination of a number of explicit safety related provisions. The proposal must protect human health, safety and the environment; there must be a need for any additional capacity; there must be sufficient infrastructure to safely handle the waste flow; that any increase is consistent with any state or local disposal limits; that the public interest must be served. The requirements of the director's determination provide specific areas where the director must determine if health and safety issues have been adequately addressed.

The above items will provide for the proper operation of landfills and for the safe disposal of waste from the localities. The modification of the regulations is needed to further protect the health and safety of the residents of Virginia.

Substance: Amendment 2 addressed some of the 1999 and 2000 legislation including the provisions for municipal solid waste landfill siting required under Virginia Code §10.1-1408.4, and the provisions for post-closure monitoring and maintenance required by Virginia Code §10.1-1410.2. In addition, Appendix 2.1 of the regulation was updated to reflect the updated language of Virginia Code §10.1-1455, which sets out penalties. Amendment 3 will address remaining legislation from 1999 and 2000 as well as any additional legislation that can be reasonably incorporated from any future legislative sessions that occur during the regulatory development process. In addition, Amendment 3 will incorporate any corrections or clarifications of the regulations

that the department finds necessary or that are brought forward during the public comment period.

At least the following sections of the Code of Virginia will require modifications to the regulations as follows:

§ 10.1-1408.1 B 6

Summary of the code section: adds a new subsection requiring applicants for a new or expanding municipal solid waste landfill to guarantee that sufficient disposal capacity will be available for localities in the Commonwealth to comply with their solid waste management plans. The applicant must certify that localities will be able to contract for and reserve disposal capacity in the landfill. The subsection exempts locally-owned landfills from these provisions. (HB2557/SB1309/SB865)

Implementation: The department has developed guidance dated July 23, 1999, to address the provisions of this section. This guidance will be used as the starting point for the modification of the regulation.

Modification to the regulations: The regulation will need to outline the content of the capacity guarantee certification, and administrative procedures for submission of the certification during the permitting process.

§10.1-1408.1 B 7

Summary of the code section: adds a new subsection requiring applicants for new or expanding municipal solid waste landfill to provide certification from the host community that an agreement has been reached addressing financial compensation to the locality, daily travel routes and traffic volumes, daily disposal limits, and the anticipated service area of the facility.

In addition, the new subsection states that, when requested by the host community, the applicant shall pay the full cost of at least one full-time employee to monitor and inspect waste transportation and disposal practices. Also, when requested by the host locality, the applicant shall split air and water samples with the permit applicant and the applicant shall pay the costs associated with the testing. (HB2557/SB1309/SB865)

Year 2000 legislation (HB959) recognizes public service authorities as municipalities for the purposes of this code section.

Implementation: The department has developed guidance dated July 23, 1999, to address the provisions of this section. This guidance will be used as the starting point of the modification to the regulations.

Modification to the regulations: The regulation will need to outline the content of the host community certification and the administrative procedures for submission of the certification during the permitting process. In addition, the regulation will recognize public service authorities as municipalities for the purpose of the host community agreement.

§ 10.1-1408.1 B 8

Summary of the code section: adds a new subsection providing that if an applicant is a locally-owned and operated

Notices of Intended Regulatory Action

landfill, rather than meeting the provisions above, the application must include information on the anticipated daily travel routes and traffic volumes, daily disposal limit and service area of the facility. (HB2557/SB1309/SB865)

Implementation: The department has developed guidance dated July 23, 1999, to address the provisions of this section. This guidance will be used as the starting point of the modification to the regulations.

Modification to the regulations: The regulation will need to outline the format of and administrative procedures for submission of the travel route, traffic volume, daily disposal limit and service area information during the permitting process.

§ 10.1-1408.1 D 1 and 2

Summary of the code section: updates the existing section to require the director, prior to approving a permit for a new or expanded solid waste management facility, to make a series of determinations. The director must determine the following: that the proposed expansion protects human health, safety and the environment; that there is a need for the additional capacity; there is sufficient infrastructure to safely handle the waste flow; that the increase is consistent with any state or local disposal limits; that the public interest will be served by the permit; and that the additional capacity is consistent with local solid waste management plans. These provisions must also be considered when the director evaluates requests for increases in the facility capacity.

Also, this updates the section to require the director, when evaluating an application for nonhazardous industrial waste facilities that accept only waste generated by the owner of the facility, to determine that the proposed facility poses no substantial danger to human health or the environment. (The updated provisions for industrial facilities are consistent with current requirements for all facilities.) (HB2557/SB1309/SB865 and HB2555/SB 1201)

Implementation: The department has developed guidance dated July 23, 1999, to address the provisions of this section. This guidance will provide the starting point for the modification to the regulation.

Modification to the regulations: The regulation will need to outline the information required for the director to conduct the required investigation and make the required determination. In addition, administrative procedures will be provided for the submissions to be made by the applicant and procedures for the director to make the required determination during the permitting process.

§ 10.1-1408.1 P

Summary of the code section: adds a new section requiring permits for new or expanding municipal solid waste landfills to include provisions guaranteeing capacity to localities that choose to contract with the facility. (HB 2557/SB1309/SB865)

Implementation: The department has developed guidance dated July 23, 1999, to address the provisions of this section. This guidance will be used as the starting point for the modification of the regulation.

Modification to the regulation: The regulation will need to outline the language to be included in the permit guaranteeing capacity to localities.

§ 10.1-1408.4

Summary of the code section: adds a new section requiring the director, prior to granting a permit approving site suitability for a new municipal solid waste landfill, to determine in writing that a proposed site is suitable. The director must consider: (i) a site-specific report prepared by VDOT addressing the adequacy of transportation infrastructure and the impact on local traffic and safety; (ii) the potential impact on parks and recreational areas, public water supplies, marine resources, wetlands, historic sites, fish and wildlife, water quality and tourism; and (iii) the geologic suitability of the site. Applicants are to provide information to assist the director in making this determination.

In addition, this provision adds requirements prohibiting the construction of a new municipal solid waste landfill: (i) in a 100-year flood plain; (ii) in a tidal or nontidal wetland contiguous to a surface water body; (iii) within five miles upgradient of any existing public water supply intake or reservoir; (iv) in an area vulnerable to flooding because of dam failure; (v) over a sinkhole or less than 100 feet above a solution cavern; (vi) in any park or recreational area, wildlife management area, or area designated as the critical habitat of any endangered species; or (vii) over an active fault. (HB2557/SB1309/SB865)

Implementation: The department has developed guidance dated July 23, 1999, to address the provisions of this section. This guidance will be the starting point for the modification of the regulation.

Modification to the regulation: The regulation will need to address the language of the director's determination of site suitability. Other provisions of this section were added to the regulations in Amendment 2.

Alternative: During the development of the regulation the department will consider less burdensome and less intrusive alternatives. If, during technical advisory committee (TAC) meetings or public participation, alternatives are offered or discussed, the less burdensome and less obtrusive alternative will be used that still achieves the need of the regulation. If the less burdensome or less intrusive alternative is not chosen, the department will justify the selected alternative.

The goals of these regulations are to: (i) protect the public health and welfare with the least possible costs and intrusiveness to the citizens and businesses of the Commonwealth and (ii) establish standards and procedures pertaining to the siting, design, construction, operation, maintenance, closure, post-closure care, and for undertaking corrective action, in order to protect the public's health, safety and welfare and the environment from harmful results of the mismanagement of solid wastes by its generators, or by those who store, treat or dispose of solid waste.

The department will develop the regulation to meet both stated goals.

Notices of Intended Regulatory Action

Public Participation: The department is seeking comments on the intended regulatory action, including ideas to assist in the development of a proposal and the costs and benefits of the alternatives stated in this notice or other alternatives. Anyone wishing to submit written comments for the public comment file may do so at the public meeting or by mail. Written comments should be signed by the commenter and include the name and address of the commenter. In order to be considered, written comments must include the name, address and telephone number of the commenter and must be received by June 22, 2001.

A public meeting will be held and notice of the meeting can be found in the Calendar of Events section of the Virginia Register of Regulations. Both oral and written comments may be submitted at that time.

The department is using the participatory approach to develop a proposal.

The agency intends to hold a public hearing on the proposed amendments after their publication in the Virginia Register.

Statutory Authority: §§ 10.1-1402 and 10.1-1408.1 of the Code of Virginia.

Public comments may be submitted until June 22, 2001.

TITLE 24. TRANSPORTATION AND MOTOR VEHICLES

DEPARTMENT OF MOTOR VEHICLES

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Motor Vehicles intends to consider amending regulations entitled: **24 VAC 20-120-10 et seq. Commercial Driver Training School Regulations.** The purpose of the proposed action is to provide appropriate oversight of the driver training schools that are issued Class B licenses by the Department of Motor Vehicles. A Class B licensed school provides training in the operation of any type of motor vehicle other than commercial motor vehicles as defined in § 46.2-341.4 of the Code of Virginia.

Through this regulation, DMV's oversight activities are intended to ensure that graduates of these schools are adequately prepared to safely and independently operate an automobile on the public roadways. The main goals of the proposed regulation are as follows:

1. Strengthen certain DMV training school standards and develop additional standards to ensure that the instruction provided by Class B driver training schools is uniform and meets the requirements established in state law and the Department of Education's Curriculum Guide for Driver Education in Virginia;
2. Strengthen certain components of DMV's oversight process to ensure that reviews of training documentation are consistent, evaluation of school curricula are expanded, and audits of driver training schools' vehicles are more comprehensive; and
3. Implement additional changes intended to ensure that consistently high quality instruction is provided across the driver training school system and that the learning environment for younger students is safe, secure and peer-oriented.

The agency intends to hold a public hearing on the proposed regulation after publication.

Summary:

The amendments (i) prohibit applications for 9.0% credits for developments for which tax-exempt bonds have already been issued; (ii) provide that rehabilitation developments not submitting an early VHDA notification form letter will receive the 10 points for the form letter if submitted with the application and the locality supports the development and will not be penalized the negative 50 points if the locality does not support the development; (iii) provide a threshold of 25 points for tax-exempt financed developments in the credit request scoring category; (iv) provide 25 points for any development to be located in a qualified census tract that will contribute to a concerted community revitalization plan; (v) provide points for developments subject to section 8 and 236 loans and Federal Home Loan Bank AHP loans and/or grants; (vi) provide 10 points for developments in which leasing preference will be given to families with children; (vii) add amenity items and increase points for amenities from 45 to 50 points; (viii) add 20 points for "Hard to Develop" developments; (ix) reduce points for credits per unit from 240 to 180 points and reduce points for cost per unit from 110 to 75 points; (x) move bonus point categories to regular scoring categories; (xi) add up to 10 bonus points for restricting rents at or below 30% of 40% of the area median income; (xii) provide that developments located in localities with area median incomes at or below the state area median income will qualify for up to the maximum 60 points when restricting rents only to the 50% and 40% levels; (xiii) provide 5 points for developments intended for eventual tenant ownership; (xiv) provide that localities may encourage mixed income developments by requesting VHDA to use only tax credit units in the calculation for points in the bonus point categories; (xv) increase the threshold score from 475 to 550 for the competitive credit; (xvi) give preference between tied applications to the application with the highest combination of bonus points and points for community revitalization projects in a qualified census tract; (xvii) require market studies on all developments receiving a reservation of credits; (xviii) conform compliance monitoring regulations to changes in the Internal Revenue Service regulations; (xix) provide for a written explanation to be made available to the general public for any allocation of housing credit dollar amount that is not made in accordance with established priorities and selection criteria of the authority; and (xx) make other miscellaneous administrative clarification changes.

Final Regulations

REGISTRAR'S NOTICE: The proposed regulation was adopted as published in 17:12 VA.R. 2006-2019 February 26, 2001, with the additional changes shown below. Therefore, pursuant to § 9-6.14:22 A of the Code of Virginia, the text of the final regulation is not set out at length; however, the changes from the proposed regulation are printed below.

13 VAC 10-180-10. [No change from proposed.]

13 VAC 10-180-40. [No change from proposed.]

13 VAC 10-180-60. Review and selection of applications; reservation of credits.

The executive director may divide the amount of credits into separate pools. The division of such pools may be based upon one or more of the following factors: geographical areas of the state; types or characteristics of housing, construction, financing, owners, occupants, or source of credits; or any other factors deemed appropriate by him to best meet the housing needs of the Commonwealth.

An amount, as determined by the executive director, not less than 10% of the Commonwealth's annual state housing credit ceiling for credits, shall be available for reservation and allocation to buildings or developments with respect to which the following requirements are met:

1. A "qualified nonprofit organization" (as described in § 42(h)(5)(C) of the IRC) which is authorized to do business in Virginia and is determined by the executive director, on the basis of such relevant factors as he shall consider appropriate, to be substantially based or active in the community of the development and is to materially participate (regular, continuous and substantial involvement as determined by the executive director) in the development and operation of the development throughout the "compliance period" (as defined in § 42(i)(1) of the IRC); and
2. (i) The "qualified nonprofit organization" described in the preceding subdivision 1 is to own (directly or through a partnership), prior to the reservation of credits to the buildings or development, all of the general partnership interests of the ownership entity thereof; (ii) the executive director of the authority shall have determined that such qualified nonprofit organization is not affiliated with or controlled by a for-profit organization; (iii) the executive director of the authority shall have determined that the qualified nonprofit organization was not formed by one or more individuals or for-profit entities for the principal purpose of being included in any nonprofit pools (as defined below) established by the executive director, and (iv) the executive director of the authority shall have determined that no staff member, officer or member of the board of directors of such qualified nonprofit organization will materially participate, directly or indirectly, in the proposed development as a for-profit entity.

In making the determinations required by the preceding subdivision 1 and clauses (ii), (iii) and (iv) of subdivision 2 of this section, the executive director may apply such factors as he deems relevant, including, without limitation, the past experience and anticipated future activities of the qualified

nonprofit organization, the sources and manner of funding of the qualified nonprofit organization, the date of formation and expected life of the qualified nonprofit organization, the number of paid staff members and volunteers of the qualified nonprofit organization, the nature and extent of the qualified nonprofit organization's proposed involvement in the construction or rehabilitation and the operation of the proposed development, the relationship of the staff, directors or other principals involved in the formation or operation of the qualified nonprofit organization with any persons or entities to be involved in the proposed development on a for-profit basis, and the proposed involvement in the construction or rehabilitation and operation of the proposed development by any persons or entities involved in the proposed development on a for-profit basis. The executive director may include in the application of the foregoing factors any other nonprofit organizations which, in his determination, are related (by shared directors, staff or otherwise) to the qualified nonprofit organization for which such determination is to be made.

For purposes of the foregoing requirements, a qualified nonprofit organization shall be treated as satisfying such requirements if any qualified corporation (as defined in § 42(h)(5)(D)(ii) of the IRC) in which such organization (by itself or in combination with one or more qualified nonprofit organizations) holds 100% of the stock satisfies such requirements.

The applications shall include such representations and warranties and such information as the executive director may require in order to determine that the foregoing requirements have been satisfied. In no event shall more than 90% of the Commonwealth's annual state housing credit ceiling for credits be available for developments other than those satisfying the preceding requirements. The executive director may establish such pools ("nonprofit pools") of credits as he may deem appropriate to satisfy the foregoing requirement. If any such nonprofit pools are so established, the executive director may rank the applications therein and reserve credits to such applications before ranking applications and reserving credits in other pools, and any such applications in such nonprofit pools not receiving any reservations of credits or receiving such reservations in amounts less than the full amount permissible hereunder (because there are not enough credits then available in such nonprofit pools to make such reservations) shall be assigned to such other pool as shall be appropriate hereunder; provided, however, that if credits are later made available (pursuant to the IRC or as a result of either a termination or reduction of a reservation of credits made from any nonprofit pools or a rescission in whole or in part of an allocation of credits made from such nonprofit pools or otherwise) for reservation and allocation by the authority during the same calendar year as that in which applications in the nonprofit pools have been so assigned to other pools as described above, the executive director may, in such situations, designate all or any portion of such additional credits for the nonprofit pools (or for any other pools as he shall determine) and may, if additional credits have been so designated for the nonprofit pools, reassign such applications to such nonprofit pools, rank the applications therein and reserve credits to such applications in accordance with the IRC and this chapter. In the event that during any round (as authorized hereinbelow) of application review and ranking the

amount of credits reserved within such nonprofit pools is less than the total amount of credits made available therein, the executive director may either (i) leave such unreserved credits in such nonprofit pools for reservation and allocation in any subsequent round or rounds or (ii) redistribute, to the extent permissible under the IRC, such unreserved credits to such other pool or pools as the executive director shall designate reservations therefor in the full amount permissible hereunder (which applications shall hereinafter be referred to as "excess qualified applications") or (iii) carry over such unreserved credits to the next succeeding calendar year for inclusion in the state housing credit ceiling (as defined in § 42(h)(3)(C) of the IRC) for such year. Notwithstanding anything to the contrary herein, no reservation of credits shall be made from any nonprofit pools to any application with respect to which the qualified nonprofit organization has not yet been legally formed in accordance with the requirements of the IRC. In addition, no application for credits from any nonprofit pools or any combination of pools may receive a reservation or allocation of annual credits in an amount greater than \$500,000 unless credits remain available in such nonprofit pools after all eligible applications for credits from such nonprofit pools receive a reservation of credits.

Notwithstanding anything to the contrary herein, applicants relying on the experience of a local housing authority for developer experience points described hereinbelow and/or using Hope VI funds from the U.S. Department of Housing and Urban Development (HUD) in connection with the proposed development shall not be eligible to receive a reservation of credits from any nonprofit pools.

The authority shall review each application, and, based on the application and other information available to the authority, shall assign points to each application as follows:

1. Readiness.

- a. Written evidence satisfactory to the authority of (i) ~~preliminary~~ *conditional* approval by local authorities of the plan of development *or site plan* for the proposed development (30 points) or (ii) approval by local authorities of the plan of development or site plan for the proposed development or that such approval is not required. (40 points)
- b. Written evidence satisfactory to the authority (i) of approval by local authorities of proper zoning or special use permit for such site or (ii) that no zoning requirements or special use permits are applicable. (40 points)
- c. Valid building permit(s) or letter dated within three months prior to the application deadline stating that all approvals are in place and building permits will be issued upon receipt of all fees. (20 points)
- d. Submission of plans and specifications or, in the case of rehabilitation for which plans will not be used, a unit-by-unit work write-up for such rehabilitation with certification in such form and from such person satisfactory to the executive director as to the completion of such plans or specifications or work write-up. (20 points multiplied by the quotient calculated by dividing the percentage of completion of such plans and

specifications or such work write-up by 75% not to exceed 20 points.)

2. Housing needs characteristics.

a. Submission of the letter in the form prescribed by the authority with the necessary attachments, addressed to the current chief executive officer (or the equivalent) of the locality in which the proposed development is located, soliciting input on the proposed development from the locality within the deadlines established by the executive director. (10 points; failure to make timely submission, minus 50 points *for any proposed development other than a rehabilitation of existing apartments*)

b. (1) A letter dated within three months prior to the application deadline addressed to the authority and signed by the chief executive officer of the locality in which the proposed development is to be located stating, without qualification or limitation, the following:

"The construction or rehabilitation of (name of development) and the allocation of federal housing tax credits available under IRC Section 42 for that development will help meet the housing needs and priorities of (name of locality). Accordingly, (name of locality) supports the allocation of federal housing tax credits requested by (name of applicant) for that development." (50 points; *or 60 points if the proposed development is a rehabilitation of existing apartments that did not receive points in subdivision 2(a) above*)

(2) No letter from the chief executive officer of the locality in which the proposed development is to be located, or a letter addressed to the authority and signed by such chief executive officer stating neither support (as described in subdivision b (1) above) nor opposition (as described in subdivision b (3) below) as to the allocation of credits to the applicant for the development. (25 points)

(3) A letter in response to its notification to the chief executive officer of the locality in which the proposed development is to be located opposing the allocation of credits to the applicant for the development. In any such letter, the chief executive officer must certify that the proposed development is not consistent with current zoning or other applicable land use regulations. (0 points)

c. Documentation from the local authorities that the proposed development is located in (i) a ~~Qualified Census Tract (QCT) or such other~~ locally identified revitalization area, or determination by the authority that the proposed development is located in a Difficult Development Area as defined by HUD or in an Enterprise Zone designated by the state- (20 points) *or (ii) a qualified census tract and the development of which contributes to a concerted community revitalization plan. (25 points)*

d. Commitment by the applicant to give leasing preference to individuals and families (i) *with children*, (ii)

Final Regulations

on public housing waiting lists maintained by the local housing authority operating in the locality in which the proposed development is to be located and notification of the availability of such units to the local housing authority by the applicant, or ~~(ii)~~ (iii) on section 8 (as defined in 13 VAC 10-180-90) waiting lists maintained by the local or nearest section 8 administrator for the locality in which the proposed development is to be located and notification of the availability of such units to the local section 8 administrator by the applicant. (10 points each for (i), and either (ii) or (iii) above) [. Points under (i) above are available only to developments that will have at least 20% of its units with three or more bedrooms and no more than 20% of its units with one bedroom or less.])

e. Any of the following: (i) firm financing commitment(s) from the local government, housing authority, *Federal Home Loan Bank affordable housing funds*, or the Rural Development of the U.S. Department of Agriculture or (ii) a resolution passed by the locality in which the proposed development is to be located committing a grant or below-market rate loan or a waiver of taxes and fees, donation of land or other similar support to the development or (iii) evidence from Rural Development that the development will remain subject to existing financing from Rural Development. In the case of (iii) above, if the applicant is, or has any common interests with, the current owner, directly or indirectly, the application will only qualify for these points if the applicant waives all rights to any developer's fee and any other fees associated with the acquisition and rehabilitation (or rehabilitation only) of the development unless permitted by the executive director for good cause. (The amount of such financing or value of local support will be divided by the total development sources of funds and the proposed development receives two points for each percentage point up to a maximum of 40 points.)

f. Any development subject to HUD's section 8 or section 236 programs at the time of application. (20 points)

3. Development characteristics.

a. The average unit size. (100 points multiplied by the sum of the products calculated by multiplying, for each unit type as defined by the number of bedrooms per unit, (i) the quotient of the number of units of a given unit type divided by the total number of units in the proposed development, times (ii) the quotient of the average actual gross square footage per unit for a given unit type minus the lowest gross square footage per unit for a given unit type established by the executive director divided by the highest gross square footage per unit for a given unit type established by the executive director minus the lowest gross square footage per unit for a given unit type established by the executive director. *If the average actual gross square footage per unit for a given unit type is less than the lowest gross square footage per unit for a given unit type established by the executive director or greater than the highest gross square footage per unit for a given unit type established by the executive director,*

the lowest or highest, as the case may be, gross square footage per unit for a given unit type established by the executive director shall be used in the above calculation rather than the actual gross square footage per unit for a given unit type.)

b. Rehabilitation of existing housing stock and adaptive reuse developments (points equal to (percentage of households at or below 60% of the Area Median Income (AMI) in the proposed development's census tract (not less than 10% and not to exceed 90%) times 100) minus 10). Increase of housing stock attributable to new construction (points equal to 90 minus (percentage of households at or below 60% of the AMI in the proposed development's census tract (not less than 10% and not to exceed 90%) times 100)). Developments involving both rehabilitation and new construction will be scored on a weighted average of the point calculations above. Proposed new construction developments to be located in the jurisdictions included in the rural pool established by the executive director will receive an additional 20 points; however, no applicant will receive more than 80 points under this subdivision. Notwithstanding the above, the applicant shall receive the maximum 80 points in this subdivision if the applicant provides a letter signed by the chief executive officer of the locality in which the proposed development is located requesting the authority to override the point calculations and provide the maximum points under this subdivision.

c. Lower amount of credit request. (Fifty points multiplied by the percentage by which the total amount of the annual tax credits requested is less than \$1,000,000, including negative points using the percentage in which the total amount of annual credits requested is greater than \$1,000,000. *Developments financed with tax-exempt bonds will receive an automatic 25 points under this scoring category.)*

d. Evidence satisfactory to the authority documenting the quality of the proposed development's amenities as determined by the following:

(1) The following points are available for any application:

- (a) If all 2-bedroom units have 1.5 bathrooms and all 3-bedroom units have 2 bathrooms. (15 points)
- (b) If all units have a washer and dryer. (7 points)
- (c) If all units have a balcony or patio. (5 points)
- (d) If all units have a washer and dryer hook-up only. (3 points, *no points if points awarded in subdivision 1 (b) above*)
- (e) If all units have a dishwasher. (2 points)
- (f) If all units have a garbage disposal. (1 point)
- (g) If the development has a laundry room. (1 point, *no points if points awarded in subdivision 1 (b) above*)
- (h) If a community/meeting room with a minimum of 800 square feet is provided. (5 points)

- (i) If all units have a range hood above the stove. (1 point)
- (j) If all metal windows have thermal breaks, and if insulating glass for *metal or vinyl* windows and sliding glass doors have a 10-year warranty against breakage of the seal from date of delivery. (1 point)
- (k) If all insulation complies with Virginia Power Energy Efficient Home Requirements, with a minimum R=30 insulation for roofs. (2 points)
- (l) If all refrigerators are frost free, a minimum size of 14 cubic feet, and provide separate doors for freezer and refrigerator compartments. (1 point)
- (m) If all exterior doors exposed to weather are metal. (1 point)
- (n) Brick exterior walls. (15 points times the percentage of exterior walls covered by brick)
- (o) *Durable siding other than brick that complies with ASTM 1186 standard specifications and is warranted to last for 50 or more years. (5 points)*
- (p) *If the development has a minimum STC (sound transmission class) rating of 52 for the floor construction between units. (3 points)*
- (q) *All kitchen cabinets comply with authority minimum guidelines. (1 point)*
- (r) *All closet doors are side hinged (no bi-fold or sliding doors). (1 point)*
- (s) *All exterior wood, including trim, fascia and rake boards are clad in aluminum. (1 point)*
- (2) The following points are available to applications electing to serve elderly and/or ~~handicapped~~ *physically disabled* tenants as elected in subdivision 4 a of this section:
- (a) If all cooking ranges have front controls. (1 point)
- (b) If all units are adaptable for the handicapped in buildings with elevators. (2 points)
- (c) If all units have an emergency call system. (3 points)
- (d) If all bathrooms have grab bars and slip-resistant bottoms for bathtubs. (1 point)
- (e) If all bathrooms have an independent or supplemental heat source. (1 point)
- (f) If all corridors have a handrail on one side. (1 point)
- (g) *If all entrance doors to each unit have two eye viewers, one at 48 inches and the other at standard height. (1 point)*
- (3) The following points are available to ~~projects~~ *proposed developments* which rehabilitate or adaptively reuse an existing structure:
- (a) If all bathrooms, including ones with windows, have exhaust fans ducted out. (1 point)
- (b) If all existing, single-glazed windows in good condition have storm windows, and all windows in poor condition are replaced with new windows with integral storm sash or insulating glass. The insulating glass metal windows must have a thermal break. The insulated glass must have a 10-year warranty against breakage of the seal. (2 3 points)
- (c) If all apartments have a minimum of one electric smoke detector with battery backup. (1 point)
- (d) If all bathrooms have ground fault interrupter electrical receptacles. (1 point)
- (e) If the structure is historic, by virtue of being listed individually in the National Register of Historic Places, or due to its location in a registered historic district and certified by the Secretary of the Interior as being of historical significance to the district, and the rehabilitation will be completed in such a manner as to be eligible for historic rehabilitation tax credits. (5 points)
- (f) All buildings have a minimum insulation of R=30 for attics and R=19 for crawl spaces. (2 3 points)
- (g) All public areas, such as community rooms, laundry rooms, and rental office are accessible to persons in wheelchairs. (1 point)
- (h) *If replacing the roof, removing the old roof and felt. (1 point)*
- The maximum number of points that may be awarded under any combination of the scoring categories under subdivision 3 d of this section is ~~45~~ 50 points.
- [~~e~~ e.] *Any proposed 50 unit or less development that meets at least three of the following criteria: (i) sets maximum rents on all units at or below 25% of the gross income of households at or below 50% of the area median income (without vouchers or rental assistance); (ii) restricts at least 20% of the units for occupancy by households with incomes at or below 40% of the area median income; (iii) requires at least 60% of the developer's fee to pay development costs; and (iv) has below market rate financial assistance from local, state or federal government. (20 points)*
4. Tenant population characteristics.
- a. Commitment by the applicant to lease low-income housing units in the proposed development only to one or more of the following: (i) ~~persons 55 years or older~~ *elderly households as defined by the United States Fair Housing Act*, (ii) homeless persons or families, or (iii) physically or mentally disabled persons. Applicants committing to serve physically disabled persons must meet the requirements of the federal Americans with Disabilities Act (42 USC § 12101 et seq.). Applicants receiving points under this subdivision a may not receive points under subdivision b below. (30 points)

Final Regulations

b. Commitment by the applicant to creating a development in which 20% or more of the low-income units have three or more bedrooms. Applicants receiving points under this subdivision b may not receive points under subdivision a above. (30 points)

c. Commitment by the applicant to provide relocation assistance to displaced households at such level required by the authority. (30 points)

5. Sponsor characteristics.

a. Evidence that the development team for the proposed development has the demonstrated experience, qualifications and ability to perform. (10 points)

b. Participation by a qualified nonprofit organization (or by a wholly-owned subsidiary of such organization) authorized to do business in Virginia and substantially based or active in the community of the development that acts as a managing general partner under the partnership agreement. (20 points) No staff member, officer or member of the board of directors of such qualified nonprofit organization may materially participate, directly or indirectly, in the proposed development through a for-profit entity.

6. Efficient use of resources.

a. The percentage by which the total of the amount of credits per low-income housing unit (the "per unit credit amount") of the proposed development is less than the standard per unit credit amounts established by the executive director for a given unit type, based upon the number of such unit types in the proposed development. (If the per unit credit amount of the proposed development equals or exceeds the applicable standard per unit credit amount established by the executive director, the proposed development is assigned no points; if the per unit credit amount of the proposed development is less than the applicable standard per unit credit amount established by the executive director, the difference is calculated as a percentage of such standard per unit credit amount established by the executive director, and then multiplied by ~~240~~ 180 points.)

b. The percentage by which the cost per low-income housing unit (the "per unit cost"), adjusted by the authority for location, of the proposed development is less than the standard per unit cost amounts established by the executive director for a given unit type, based upon the number of such unit types in the proposed development. (If the per unit cost of the proposed development equals or exceeds the applicable standard per unit cost amount established by the executive director, the proposed development is assigned no points; if the per unit cost of the proposed development is less than the applicable standard per unit cost amount established by the executive director, the difference is calculated as a percentage of such standard per unit cost amount established by the executive director, and then multiplied by ~~440~~ 75 points.)

The executive director may use a standard per square foot credit amount and a standard per square foot cost amount

in establishing the per unit credit amount and the per unit cost amount in subdivision 6 above. For the purpose of calculating the points to be assigned pursuant to such ~~subdivision~~ subdivisions 3c and 6 above, all credit amounts shall include any credits previously allocated to the development, and the per unit credit amount for any building documented by the applicant to be located in a qualified census tract or difficult development area (such tract or area being as defined in the IRC) shall be determined based upon 100% of the eligible basis of such building, in the case of new construction, or 100% of the rehabilitation expenditures, in the case of rehabilitation of an existing building, notwithstanding any use by the applicant of 130% of such eligible basis or rehabilitation expenditures in determining the amount of credits as provided in the IRC.

~~After points have been assigned to each application in the manner described above, the executive director shall compute the total number of points assigned to each such application. Notwithstanding any other provisions herein, any application which is assigned a total number of points less than a threshold amount of 475 points shall be rejected from further consideration hereunder and shall not be eligible for any reservation or allocation of credits.~~

7. Bonus points. ~~For each application to which the total number of points assigned is equal to or more than the above-described threshold amount of points, bonus points shall be assigned as follows:~~

a. Commitment by the applicant to impose income limits on the low-income housing units throughout the extended use period (as defined in the IRC) below those required by the IRC in order for the development to be a qualified low-income development. Applicants receiving points under this subdivision a may not receive points under subdivision b below. (The product of (i) 50 points multiplied by (ii) the percentage of ~~low-income~~ housing units ~~restricted for occupancy in the proposed development both rent restricted to and occupied by~~ households at or below 50% of the area median gross income; *plus 1 point for each percentage point of such housing units in the proposed development which are further restricted to rents at or below 30% of 40% of the area median gross income up to an additional 10 points.*)

b. Commitment by the applicant to impose rent limits on the low-income housing units throughout the extended use period (as defined in the IRC) below those required by the IRC in order for the development to be a qualified low-income development. Applicants receiving points under this subdivision b may not receive points under subdivision a above. (The product of (i) 25 points (50 points for proposed developments in low-income jurisdictions) multiplied by (ii) the percentage of ~~low-income~~ housing units ~~restricted to the rents required for occupancy in the proposed development rent restricted to~~ households at or below 50% of the area median gross income; *plus 1 point for each percentage point of such housing units in the proposed development which are further restricted to the rents at or below 30%*)

of 40% of the area median gross income up to an additional 10 points.)

c. Commitment by the applicant to maintain the low-income housing units in the development as a qualified low-income housing development beyond the 30-year extended use period (as defined in the IRC). Applicants receiving points under this subdivision c may not receive bonus points under subdivision d below. (40 points for a 10-year commitment beyond the 30-year extended use period or 50 points for a 20-year commitment beyond the 30-year extended use period.)

d. Participation by a [*local housing authority or*] qualified nonprofit organization [~~or local housing authority~~ ()] substantially based or active in the community with at least a 10% ownership interest in the general partnership interest of the partnership [)] and a commitment by the applicant to sell the proposed development pursuant to an executed, recordable option or right of first refusal to such [*local housing authority or*] qualified nonprofit organization or to a wholly owned subsidiary of such organization or authority, at the end of the 15-year compliance period, as defined by IRC, for a price not to exceed the outstanding debt and exit taxes of the for-profit entity. The applicant must record such option or right of first refusal immediately after the low-income housing commitment described in 13 VAC 10-180-70 and give the qualified nonprofit veto power over any refinancings of the development. Applicants receiving points under this subdivision d may not receive bonus points under subdivision c above. (60 points or, if the applicant receives 20 points under subdivision 5 (b) of this section, 50 points; *plus 5 points if the [local housing authority or] qualified nonprofit organization submits a homeownership plan satisfactory to the authority in which the [local housing authority or] qualified nonprofit organization commits to sell the units in the development to tenants whose incomes shall not exceed the applicable income limit at the time of their initial occupancy of such units.*)

In calculating the points for subdivisions 7(a) and (b) above, (i) any unit with rental assistance that exceeds the rent limit for 50% or 40% of the area median gross income, whichever is applicable, will not be counted as a low-income unit with incomes below those required by the IRC in order for the development to be a qualified low-income development for bonus point purposes when calculating the percentage of such low-income units in the proposed development and (ii) any units in the proposed development required by the locality to exceed 60% of the area median gross income will not be considered when calculating the percentage of low-income units of the proposed development with incomes below those required by the IRC in order for the development to be a qualified low-income development, provided that the locality submits evidence satisfactory to the authority of such requirement.

After points have been assigned to each application in the manner described above, the executive director shall compute the total number of points assigned to each such application. Notwithstanding any other provisions herein, any

application that is assigned a total number of points less than a threshold amount of 550 (475 points for developments financed with tax-exempt bonds) points shall be rejected from further consideration hereunder and shall not be eligible for any reservation or allocation of credits.

The executive director may exclude and disregard any application which he determines is not submitted in good faith or which he determines would not be financially feasible.

Upon assignment of points to all of the applications, the executive director shall rank the applications based on the number of points so assigned. If any pools shall have been established, each application shall be assigned to a pool and shall be ranked within such pool. Those applications assigned more points shall be ranked higher than those applications assigned fewer points.

In the event of a tie in the number of points assigned to two or more applications within the same pool, or, if none, within the state, and in the event that the amount of credits available for reservation to such applications is determined by the executive director to be insufficient for the financial feasibility of all of the developments described therein, the authority shall, to the extent necessary to fully utilize the amount of credits available for reservation within such pool or, if none, within the Commonwealth, select one or more of the applications with the ~~most bonus~~ *highest combination of points as described from subdivision 2(c)(ii) and subdivision 7 above*, and each application so selected shall receive (in order based upon the number of such ~~bonus~~ *points*, beginning with the application with the ~~most bonus~~ *highest number of such points*) a reservation of credits in the lesser of the full amount determined by the executive director to be permissible hereunder or the amount of credits remaining therefor in such pool or, if none, in the Commonwealth. If two or more of the tied applications receive the same number of ~~bonus~~ *points from subdivision 2(c)(ii) and subdivision 7 above* and if the amount of credits available for reservation to such tied applications is determined by the executive director to be insufficient for the financial feasibility of all the developments described therein, the executive director shall select one or more of such applications by lot, and each application so selected by lot shall receive (in order of such selection by lot) the lesser of the full amount determined by the executive director to be permissible hereunder or the amount of credits remaining therefor in such pool or, if none, in the Commonwealth.

For each application which may receive a reservation of credits, the executive director shall determine the amount, as of the date of the deadline for submission of applications for reservation of credits, to be necessary for the financial feasibility of the development and its viability as a qualified low-income development throughout the credit period under the IRC. In making this determination, the executive director shall consider the sources and uses of the funds, the available federal, state and local subsidies committed to the development, the total financing planned for the development as well as the investment proceeds or receipts expected by the authority to be generated with respect to the development, and the percentage of the credit dollar amount used for development costs other than the costs of intermediaries. He

shall also examine the development's costs, including developer's fees and other amounts in the application, for reasonableness and, if he determines that such costs or other amounts are unreasonably high, he shall reduce them to amounts that he determines to be reasonable. The executive director shall review the applicant's projected rental income, operating expenses and debt service for the credit period. The executive director may establish such criteria and assumptions as he shall deem reasonable for the purpose of making such determination, including, without limitation, criteria as to the reasonableness of fees and profits and assumptions as to the amount of net syndication proceeds to be received (based upon such percentage of the credit dollar amount used for development costs, other than the costs of intermediaries, as the executive director shall determine to be reasonable for the proposed development), increases in the market value of the development, and increases in operating expenses, rental income and, in the case of applications without firm financing commitments (as defined hereinabove) at fixed interest rates, debt service on the proposed mortgage loan. The executive director may, if he deems it appropriate, consider the development to be a part of a larger development. In such a case, the executive director may consider, examine, review and establish any or all of the foregoing items as to the larger development in making such determination for the development.

At such time or times during each calendar year as the executive director shall designate, the executive director shall reserve credits to applications in descending order of ranking within each pool, if applicable, until either substantially all credits therein are reserved or all qualified applications therein have received reservations. (For the purpose of the preceding sentence, if there is not more than a de minimis amount, as determined by the executive director, of credits remaining in a pool after reservations have been made, "substantially all" of the credits in such pool shall be deemed to have been reserved.) The executive director may rank the applications within pools at different times for different pools and may reserve credits, based on such rankings, one or more times with respect to each pool. The executive director may also establish more than one round of review and ranking of applications and reservation of credits based on such rankings, and he shall designate the amount of credits to be made available for reservation within each pool during each such round. The amount reserved to each such application shall be equal to the lesser of (i) the amount requested in the application or (ii) an amount determined by the executive director, as of the date of application, to be necessary for the financial feasibility of the development and its viability as a qualified low-income development throughout the credit period under the IRC; provided, however, that in no event shall the amount of credits so reserved exceed the maximum amount permissible under the IRC.

If the amount of credits available in any pool is determined by the executive director to be insufficient for the financial feasibility of the proposed development to which such available credits are to be reserved, the executive director may (i) permit the applicant to modify such proposed development and his application so as to achieve financial feasibility based upon the amount of such available credits, provided that the applicant's modified development produces

at least 75% of the units and bedrooms described in the application for the proposed development, or (ii) move the proposed development and the credits available to another pool. Any modifications shall be subject to the approval of the executive director; however, in no event shall such modifications result in a material reduction in the number of points assigned to the application pursuant to this section. If any credits remain in any pool after accepting any modifications to an applicant's proposed development or moving proposed developments and credits to another pool, the executive director may reserve the remaining credits to any proposed development(s) scoring at or above the minimum point threshold established by this chapter without regard to the ranking of such application. If necessary, the executive director may, for developments which meet the requirements of § 42(h)(1)(E) of the IRC only, reserve additional credits from the Commonwealth's annual state housing credit ceiling for the following year in such an amount necessary for the financial feasibility of the proposed development. However, the reservation of credits from the Commonwealth's annual state housing credit ceiling for the following year shall be in the reasonable discretion of the executive director if he determines it to be in the best interest of the plan. In the event a reservation or an allocation of credits from the current year or a prior year is reduced, terminated or cancelled, the executive director may substitute such credits for any credits reserved from the following year's annual state housing credit ceiling.

In the event that during any round of application review and ranking the amount of credits reserved within any pools is less than the total amount of credits made available therein during such round, the executive director may either (i) leave such unreserved credits in such pools for reservation and allocation in any subsequent round or rounds or (ii) redistribute such unreserved credits to such other pool or pools as the executive director may designate or (iii) carry over such unreserved credits to the next succeeding calendar year for inclusion in the state housing credit ceiling (as defined in § 42(h)(3)(C) of the IRC) for such year.

Notwithstanding anything contained herein, the executive director shall not reserve more than \$1.2 million of credits to any general partner(s) or principal(s) of such general partner(s), directly or indirectly, in any credit year.

Within a reasonable time after credits are reserved to any applicants' applications, the executive director shall notify each applicant for such reservations of credits either of the amount of credits reserved to such applicant's application (by issuing to such applicant a written binding commitment to allocate such reserved credits subject to such terms and conditions as may be imposed by the executive director therein, by the IRC and by this chapter) or, as applicable, that the applicant's application has been rejected or excluded or has otherwise not been reserved credits in accordance herewith. The written binding commitment shall prohibit any transfer, direct or indirect, of partnership interests (except those involving the admission of limited partners) prior to the placed-in-service date of the proposed development unless the transfer is consented to by the executive director. The written binding commitment shall further limit the developers' fees to the amounts established during the review of the

applications for reservation of credits and such amounts shall not be increased unless consented to by the executive director. The executive director ~~may~~ shall, as a condition to the binding commitment, require each applicant to obtain a market study, in form and substance satisfactory to the authority, that shows adequate demand for the housing units to be produced by each applicant's proposed development.

If credits are reserved to any applicants for developments which have also received an allocation of credits from prior years, the executive director may reserve additional credits from the current year equal to the amount of credits allocated to such developments from prior years, provided such previously allocated credits are returned to the authority. Any previously allocated credits returned to the authority under such circumstances shall be placed into the credit pools from which the current year's credits are reserved to such applicants.

The executive director shall make a written explanation available to the general public for any allocation of housing credit dollar amount which is not made in accordance with established priorities and selection criteria of the authority.

The authority's board shall review and consider the analysis and recommendation of the executive director for the reservation of credits to an applicant, and, if it concurs with such recommendation, it shall by resolution ratify the reservation by the executive director of the credits to the applicant, subject to such terms and conditions as it shall deem necessary or appropriate to assure compliance with the aforementioned binding commitment issued or to be issued to the applicant, the IRC and this chapter. If the board determines not to ratify a reservation of credits or to establish any such terms and conditions, the executive director shall so notify the applicant.

Subsequent to such ratification of the reservation of credits, the executive director may, in his discretion and without ratification or approval by the board, increase the amount of such reservation by an amount not to exceed 10% of the initial reservation amount. The executive director may require the applicant to make a good faith deposit or to execute such contractual agreements providing for monetary or other remedies as it may require, or both, to assure that the applicant will comply with all requirements under the IRC, this chapter and the binding commitment (including, without limitation, any requirement to conform to all of the representations, commitments and information contained in the application for which points were assigned pursuant to this section). Upon satisfaction of all such aforementioned requirements (including any post-allocation requirements), such deposit shall be refunded to the applicant or such contractual agreements shall terminate, or both, as applicable.

If, as of the date the application is approved by the executive director, the applicant is entitled to an allocation of the credits under the IRC, this chapter and the terms of any binding commitment that the authority would have otherwise issued to such applicant, the executive director may at that time allocate the credits to such qualified low-income buildings or development without first providing a reservation of such credits. This provision in no way limits the authority of the

executive director to require a good faith deposit or contractual agreement, or both, as described in the preceding paragraph, nor to relieve the applicant from any other requirements hereunder for eligibility for an allocation of credits. Any such allocation shall be subject to ratification by the board in the same manner as provided above with respect to reservations.

The executive director may require that applicants to whom credits have been reserved shall submit from time to time or at such specified times as he shall require, written confirmation and documentation as to the status of the proposed development and its compliance with the application, the binding commitment and any contractual agreements between the applicant and the authority. If on the basis of such written confirmation and documentation as the executive director shall have received in response to such a request, or on the basis of such other available information, or both, the executive director determines any or all of the buildings in the development which were to become qualified low-income buildings will not do so within the time period required by the IRC or will not otherwise qualify for such credits under the IRC, this chapter or the binding commitment, then the executive director may terminate the reservation of such credits and draw on any good faith deposit. If, in lieu of or in addition to the foregoing determination, the executive director determines that any contractual agreements between the applicant and the authority have been breached by the applicant, whether before or after allocation of the credits, he may seek to enforce any and all remedies to which the authority may then be entitled under such contractual agreements.

The executive director may establish such deadlines for determining the ability of the applicant to qualify for an allocation of credits as he shall deem necessary or desirable to allow the authority sufficient time, in the event of a reduction or termination of the applicant's reservation, to reserve such credits to other eligible applications and to allocate such credits pursuant thereto.

Any material changes to the development, as proposed in the application, occurring subsequent to the submission of the application for the credits therefor shall be subject to the prior written approval of the executive director. As a condition to any such approval, the executive director may, as necessary to comply with this chapter, the IRC, the binding commitment and any other contractual agreement between the authority and the applicant, reduce the amount of credits applied for or reserved or impose additional terms and conditions with respect thereto. If such changes are made without the prior written approval of the executive director, he may terminate or reduce the reservation of such credits, impose additional terms and conditions with respect thereto, seek to enforce any contractual remedies to which the authority may then be entitled, draw on any good faith deposit, or any combination of the foregoing.

In the event that any reservation of credits is terminated or reduced by the executive director under this section, he may reserve, allocate or carry over, as applicable, such credits in such manner as he shall determine consistent with the requirements of the IRC and this chapter.

TITLE 18. PROFESSIONAL AND OCCUPATIONAL LICENSING

BOARD OF MEDICINE

Title of Regulation: 18 VAC 85-80-10 et seq. Regulations Governing the Licensure of Occupational Therapists (amending 18 VAC 85-80-10, 18 VAC 85-80-70, and 18 VAC 85-80-80; adding 18 VAC 85-80-71 and 18 VAC 85-80-72).

Statutory Authority: §§ 54.1-103, 54.1-2400 and 54.1-2912.1 of the Code of Virginia.

Effective Date: June 6, 2001.

Summary:

The amendments establish requirements for renewal of licensure that include continuing competency evidenced by 160 hours of active practice each biennium and the completion of at least 20 hours of continuing learning activities. The amendments also establish an inactive license for licensees who are not engaged in practice and do not want to meet the requirements for renewal of an active license. Finally, amendments set forth the conditions that must be met to reactivate an inactive license or reinstate a lapsed license.

Summary of Public Comments and Agency's Response: No public comments were received by the promulgating agency.

BOARD OF OPTOMETRY

REGISTRAR'S NOTICE: The following regulatory action is exempt from the Administrative Process Act in accordance with § 9-6.14:4.1 C 9 of the Code of Virginia, which exempts regulations of the regulatory boards served by the Department of Health Professions pursuant to Title 54.1 that are limited to reducing fees charged to regulants and applicants. The Board for Optometry will receive, consider and respond to petitions by any interested person with respect to reconsideration or revision.

Title of Regulation: 18 VAC 105-20-10 et seq. Regulations of the Virginia Board of Optometry (amending 18 VAC 105-20-60).

Statutory Authority: § 54.1-2400 of the Code of Virginia.

Effective Date: June 6, 2001.

Summary:

The amendments reduce the fees currently charged to applicants for reinstatement. Currently, regulations require payment of a late fee for a lapsed license, plus payment of all back renewal fees and a reinstatement fee. For example, a recent applicant, who had been living and practicing out of state, had allowed her Virginia license to lapse in 1993. Under the current fee structure, her reinstatement fees would total \$1,550. Under the amended fee structure, her reinstatement fees would consist of payment of a late fee, the past year renewal fee and a reinstatement fee for a total of \$500.

18 VAC 105-20-60. Renewal of licensure; reinstatement; renewal fees.

A. Every person authorized by the board to practice optometry shall, on or before October 31 of every year, submit a completed renewal application and pay the prescribed annual licensure fee.

B. It shall be the duty and responsibility of each licensee to assure that the board has the licensee's current address. All changes of mailing address or name shall be furnished to the board within 30 days after the change occurs. All notices required by law or by these rules and regulations are to be deemed to be validly tendered when mailed to the address given and shall not relieve the licensee of the obligation to comply.

C. The license of every person who does not return the completed form and fee by October 31 of each year may be extended for 30 days until November 30 and may be renewed by paying the prescribed late fee, postmarked no later than November 30, provided the requirements of > 18 VAC 105-20-70 have been met. After November 30, an unexpired license is invalid. Failure to renew a license may subject the licensee to disciplinary action by the board. The executive director may grant reinstatement provided that:

1. The applicant can demonstrate continuing competence;
2. The applicant has satisfied requirements for continuing education during the lapsed period; and
3. The applicant has paid ~~at the prescribed late fee, the unpaid renewal fees from the time the license lapsed fee for the previous year~~ and the prescribed reinstatement fee.

D. The board may require an applicant who has allowed his license to expire and who cannot demonstrate continuing competency to pass all or parts of the board-approved examinations.

TITLE 24. TRANSPORTATION AND MOTOR VEHICLES

COMMONWEALTH TRANSPORTATION BOARD

REGISTRAR'S NOTICE: The Commonwealth Transportation Board is claiming an exemption from the Administrative Process Act in accordance with § 9-6.14:4.1 C 3, which excludes regulations that consist only of changes in style or form or corrections of technical errors. The Commonwealth Transportation Board will receive, consider and respond to petitions by any interested person at any time with respect to reconsideration or revision.

Title of Regulation: **24 VAC 30-61-10 et seq. Rules and Regulations Governing the Transportation of Hazardous Materials Through Bridge-Tunnel Facilities (amending 24 VAC 30-61-20 and 24 VAC 30-61-40).**

Statutory Authority: §§ 33.1-12 and 33.1-49 of the Code of Virginia.

Effective Date: June 6, 2001.

Summary:

This regulation sets forth the rules for users of state-owned bridge-tunnel facilities (four urban, water-proximate facilities in the Hampton Roads District, and two rural, distanced-from water facilities in the Bristol District) transporting hazardous materials.

The amendments correct the area codes for certain phone numbers contained in the regulation.

24 VAC 30-61-20. List of state-owned bridge-tunnel facilities in the Commonwealth.

The following table lists the six state-owned bridge-tunnel facilities in the Commonwealth. The Virginia Department of Transportation owns and operates all six facilities listed.

Name of Facility	Telephone Number	Route
Big Walker Mountain Tunnel	703 540-228-5571	Interstate 77
East River Mountain Tunnel	703 540-928-1994	Interstate 77
Elizabeth River Tunnel-Downtown	804 757-494-2424	Interstate 264
Elizabeth River Tunnel-Midtown	804 757-683-8123	Route 58
Hampton Roads Bridge-Tunnel	804 757-727-4832	Interstate 64
Monitor-Merrimac Memorial Bridge-Tunnel	804 757-247-2123	Interstate 64

For purposes of this chapter, the facilities listed above are classified into two groups: rural and essentially distanced from bodies of water, and urban and essentially proximate to bodies of water.

24 VAC 30-61-40. Restrictions on hazardous material transportation across urban and water-proximate facilities.

Hazardous materials are regulated in the four urban and water-proximate tunnels (Elizabeth River (Midtown and Downtown), Hampton Roads, and Monitor-Merrimac) based exclusively on the "hazard class" of the material being conveyed. The following tables list those categories of materials grouped under the designations "Prohibited," "No Restrictions," or "Restricted."

GENERAL NOTICES/ERRATA

DEPARTMENT OF HEALTH PROFESSIONS

Notice of Periodic Review of Regulations

Review Announcement: Pursuant to Executive Order 25 (98) and the Public Participation Guidelines, the following boards are requesting comment on existing regulations:

Board of Medicine

18 VAC 85-20-10 et seq. Regulations Governing the Practice of Medicine, Osteopathy, Podiatry and Chiropractic.

Goals of the regulations:

1. Achieve a high level of satisfaction for application and renewal processes for all licensed practitioners.
2. Establish a viable practitioner profile system for doctors of medicine, osteopathy and podiatry that is available to consumers.
3. Ensure compliance by practitioners with continuing competency requirements.
4. License only persons who are qualified to practice.

18 VAC 85-101-10 et seq. Regulations Governing the Licensure of Radiologic Technologists and Radiologic Technologists-Limited.

Goals of the regulations:

1. Achieve a high level of satisfaction for application and renewal processes for all licensed practitioners.
2. Review regulations to ensure consistency and application to the current practice of radiologic procedures.
3. Increase the level of competency by persons with limited licenses.

18 VAC 85-110-10 et seq. Regulations Governing the Practice of Licensed Acupuncturists.

Goals of the regulations:

1. Achieve a high level of satisfaction for application and renewal processes for all licensed practitioners.
2. Increase the number of licensed acupuncturists to increase availability and access to services.

Board of Nursing

18 VAC 90-20-10 et seq. Regulations Governing the Practice of Nursing.

Goals of the regulations:

1. Achieve high ratings on Customer Service Satisfaction Survey for application process and renewal of licenses.
2. Ensure that educational requirements are sufficient to promote passage of the national licensure examination.

18 VAC 90-30-10 et seq. Regulations Governing Licensure of Nurse Practitioners.

Goals of the regulations:

1. Achieve high ratings on Customer Service Satisfaction Survey for application process and renewal of licenses.
2. Review the scope and required preparation for practice as a licensed nurse practitioner and remove unnecessary barriers to practice.

Board of Social Work

18 VAC 140-20-10 et seq. Regulations Governing the Practice of Social Work.

Goals of the regulations:

1. Complete continuing competency requirements that are reasonable but effective in assuring the public that practitioners are remaining current in professional knowledge and ethical issues.
2. Complete study of whether the nonclinical category of licensure is essential to protect the public.

The boards will consider whether the existing regulations are essential to protect the health, safety and welfare of the public in providing assurance that licensed practitioners are competent to practice. Alternatives to the current regulations or suggestions for clarification of the regulation will also be received and considered.

Comment Begins: May 7, 2001

Comment Ends: July 6, 2001

If any member of the public would like to comment on these regulations, please send comments by July 6, 2001, to Elaine J. Yeatts, Senior Policy Analyst, Department of Health Professions, 6606 West Broad Street, Richmond, VA 23230, e-mail eyeatts@dhp.state.va.us or FAX (804) 662-9114.

Regulations may be viewed on-line at <http://leg1.state.va.us/000/reg/TOC.HTM#T0018> or copies will be sent upon request.

STATE WATER CONTROL BOARD

June 12, 2001 - Public comments may be submitted until this date.

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the State Air Pollution Control Board intends to amend regulations entitled: **9 VAC 5-40-10 et seq. Existing Stationary Sources (Rev. A99)**. Article 4 provides a legal mechanism whereby the board is required to make source specific Reasonable Available Control Technology (RACT) determinations for all currently known major sources subject to source specific NO_x RACT requirements under the federal Clean Air Act. Amendments are being proposed to delete the provisions that address seasonal applicability, certain exemptions and the emission allocation system.

Article 8 establishes emission limits along with compliance testing, monitoring, recordkeeping and reporting requirements for fuel burning equipment. Amendments are being proposed to establish an emissions rate limit for nitrogen oxides for electric generating units and nonelectric generating units and create a compliance averaging plan to provide flexibility for the sources subject to the regulation.

Statutory Authority: § 10.1-1308 of the Code of Virginia.

Public comments may be submitted until June 12, 2001, to Director, Office of Air Regulatory Development, Department of Environmental Quality, P.O. Box 10009, Richmond, VA 23240.

BOARD OF EDUCATION

May 22, 2001- Public comments may be submitted until this date.

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Board of Education intends to amend regulations entitled: **8 VAC 20-160-10 et seq. Regulations Governing the Secondary School Transcript.** The Board of Education has approved changes in the proposed regulation, since the proposed text was published in the Virginia Registrar on August 28, 2000, in response to public and gubernatorial comment. The board wishes to afford an additional 30-day public comment on the proposed regulation. Changes since publication of the original proposal are as follows:

1. The definition of "secondary school transcript" is amended to provide that secondary school transcripts exclude those courses purged from middle school records in accordance with 8 VAC 20-131-10 et seq.
2. A new provision requires SOL test scores to be reflected on high school transcripts beginning in Spring 2004, and that the transcript show the highest SOL test score if a test is taken more than once.
3. In compliance with Chapter 673 of the 2001 Acts of Assembly, language was added to prohibit including the accreditation status of a high school on the school profile data sheet.

Statutory Authority: §§ 22.1-16, 22.1-253.13:3 and 22.1-253.14 of the Code of Virginia.
